SELECTED QUOTES ABOUT JOHNNY LLOYD ROLLINS:

"Imagine a young, super-good-looking guitarist/frontman with a voice that's a melding of Elvis Presley, Roy Orbison, Paul McCartney. Backed up by the BEST Led Zeppelin cover band you've ever heard in your life." — TalentFilter.com

"He was playing with the excitement of a young Bruce Springsteen and I felt like Brian Epstein must have felt when he entered the Cavern in 1961." — Spencer Leigh, BBC Radio

"He's been compared to Paul McCartney, Johnny Cash, and, of course, a young version of the King. That's just it. You can't pin him down." — Jenny Block, *D Magazine*

"It's like the tunes of Buddy Holly, Elvis and Roy Orbison in a blender set on puree." — Shannon Suteif, *The Dallas Morning News*

"He puts a Beatles-y twist on Texas roots songs, or perhaps vice versa, with a penchant for smart lyrics and even smarter chord changes." — Jonanna Widner, *Dallas Observer*
